

ASK PERMISSION TO HAVE MOIST PLACE ON BOARD VESSELS

Say They Cannot Compete With
British and Other Ships which
Sell Liquor--Drys Says all Ships
Will Be Dry Soon--Owners
Say Present Day Is Their Prob-
lem.

(By The Associated Press)
WASHINGTON, Jan. 13.—American passenger steam-
ship officials appealing today to the house judiciary com-
mittee for modification of the Volstead act declared they
would be unable to compete with ships of foreign registry
for the trade of the world unless permitted to handle
liquors for use by patrons beyond the three mile American
limit. About the only consolation they obtained at the
end of an all-day hearing was a prediction—not for the
record—by Representative Dyer, Republican of Missouri,
that "they did not have a chance."

This comment was made in
open session after Wayne Wheel-
er, general counsel for the Anti-
Saloon league in opposing any
let-down in the present laws ex-
pressed opinion that some day
the world would be dry and that
ships of all nations would
suffer the same fate without
a drop of liquor aboard.

Present Day Problems.
The shipping interests insisted
however, that they had to deal
with problem of present
day that there had been
wholesale cancellation of res-
ervations on American ships
by travelers who found
other vessels bound for the same
ports unaffected by prohibition
restrictions and that the great
task of trying to make the Ameri-
can flag supreme on the seas
could not be carried on in com-
petition with Great Britain and
other nations free of all legisla-
tive handicaps.

A. S. Franklin, president of
International Mercantile
marine, warned the committee
that the death knell of the mer-
chant marine was sounded if the
ruling by Attorney General Pal-
mer that American ships, at sea
or anywhere in the world could
not sell liquor were permitted to
stand.

Mr. Wheeler alone was heard
in opposition to the plea of the
steamship folk made at a hearing
on a bill by Representative Ed-
monds of Pennsylvania, ranking
Republican member of the mer-
chant marine commission to ex-
empt passenger vessels engaged
in foreign trade from provisions
of the Volstead law.

Ships are Bootlegging.
Asserting that many ships were
bootlegging," Mr. Wheeler
declared the amendment would
multiply the difficulty of the dry
law's enforcement, and that it
would be a bad precedent to rush
to the relief of everybody whose
business was damaged by pro-
hibition.

"The steamship companies are
unduly alarmed," Mr. Wheeler
declared. "The company that
adopts a sound policy looking to
the moral welfare and protection
of the people will win in the end."
The public wants service—not
booze, and let me say that the
company that renders good ser-
vice and less liquor finally will
dominate."

Representative Edmonds in
urging approval of his amend-
ment, said he looked at it strictly
as a business proposition.
"If we wait for the world to go
dry, while other nations are go-
ing ahead with their shipping,"
he added, "we won't have any
flag."

Representative Neely, Demo-
crat of West Virginia, suggested
that the hotel owner in Buffalo
might just as well come to con-
gress for financial relief because
a hotel on the Canadian side was
getting more trade with a bar as
an added attraction.

"Certainly you cannot expect
the flag to inspire respect when
it flies over a floating saloon,"
he remarked, but Mr. Edmonds
and Mr. Quarles insisted that the
case cited was not analogous to
that of the steamship companies.

Mary Garden Elected Grand Opera Director

CHICAGO, Jan. 12.—Mary Gar-
den, American grand opera star,
was elected general director of the
Chicago opera association at a
meeting of the executive commit-
tee today. Her appointment fol-
lowed the resignation of Herbert
Johnson as executive director and
that of Gino Marinuzzi as artistic
manager.

As general director Miss Gar-
den will have general charge of
the affairs of the Chicago Opera
Association, both artistic and
executive.
Miss Garden, it was announced,
will continue to appear as an ar-
tist of the company and therefore
will have a dual role as general
director and artist. She will re-
ceive no compensation as the
world's first woman general di-
rector of an opera company either

AMERICAN LEGION WILL NOT ENDORSE ANY CANDIDATES

State Commander Says the
Legion Will Not Aid
Politicians

FOCUS EFFORTS ON LEGISLATION

(By The Associated Press)
SPRINGFIELD, Ill., Jan. 13.—
The Illinois department of the
American Legion absolutely will
not endorse any candidate for
political appointment. State Com-
mander William R. McCauley an-
nounced here today in denying
that the legion would request
Governor Small to retain Major
General Joseph B. Scanlon or
Chicago, as member of the state
tax commission.

"Twenty-six other candidates
who have sought endorsement of
the Legion have been refused,"
Mr. McCauley said. "The Legion
will have no part in such politics.
All our efforts will be focused on
our legislative program to secure
beneficial legislation for service-
men and women of the state."

This statement from the Legion
headquarters followed the reliable
report that Governor Small would
soon announce appointment of an
entirely new tax commission.

CHICAGO MAN WANTS MONEY BACK

San Francisco, Jan. 13.—Sidney
Davenport, wealthy Chicago com-
mission merchant, started suit
here today to recover \$28,500
damages from Jean and Helen
Vacheron, formerly of Bordeaux,
France, man and wife, who re-
presented themselves as brother
and sister, and as such obtained
money and jewels from him while
he was a lieutenant in the Ameri-
can Expeditionary Forces.

SEARS-ROEBUCK DECLARE DIVIDEND

Chicago, Jan. 13.—The board of
directors of Sears-Roebuck & Co.
today declared a 2 percent stock
quarterly dividend, payable Feb-
ruary 16 to stock of record Jan-
uary 31. The scrip is redeem-
able August 15, 1921, with inter-
est at 6 percent. This is the
same as previous dividends except
that it is in scrip instead of cash.

ELIMINATION OF PRESENT MARKET SYSTEM DANGEROUS

Would Place Farmers on
Level With Russian
Peasant

OPINION OF BOARD OF TRADE MAN

(By The Associated Press)
WASHINGTON, Jan. 13.—The
grain trade can get along without
the present marketing system pro-
vided Congress is ready to place
the American farmer on a plane
with the Russian peasant and the
Argentine farmer, L. E. Gates,
former president of the Chicago
Board of Trade declared today be-
fore the house agriculture com-
mittee, which is considering bills
to regulate future exchanges. The
system makes for a wide market,
increases the return to producer
and prevents a monopoly, he as-
serted.

Enactment of the Tinchler regu-
lations bill would increase the op-
portunity for manipulating the
market, Mr. Gates asserted. The
exchanges have themselves adopt-
ed safeguards against manipulat-
ing, he added. Future trading
had nothing to do with the decline
in the grain market the witness
maintained, but the situation was
due to the financial condition of
Europe, refusal of the people gen-
erally to buy, increased freight
rates and a desire for more direct
marketing.

Speculation Necessary.
Speculation is necessary for the
grain trade, Mr. Gates asserted,
as it makes for a broad liquid
market and furnishes a constant
market for the producer until
such time as the consumer needs a
supply. Profits of the specula-
tors, he continued, are in reality
a revolving fund which broadens
the market and benefits the trade
generally.

The futures market, he said, dis-
tributes the risk of ownership of
the commodity, stabilizes its value,
prevents monopoly and works
against concentration in the trade
such as prevails in Argentina,
where four of five large firms are
in control. "Hedging," then
futures, Mr. Gates said, eliminates
the largest risk in the ownership
of a commodity, that of change in
value. Most of the grade trade
is composed of men of moderate
means and the standards of mem-
bership are very high he asserted.
There was no scandal in the way
the grain trade was handled un-
der government control, he said
and it was done by grain men.

BANK CASHIER ENDS LIFE BY SHOOTING

Kills Self While Waiting Trial at
Elgin—Had Tried to Secure
Bail.

(By The Associated Press)
Dixon, Ill., Jan. 13.—Elmer J.
Countryman, former cashier of
the Union State bank, which fail-
ed some weeks ago and also a
petitioner in bankruptcy, ended
his life with a bullet thru his
brain today in the Lee county
court house as the court was wait-
ing for him to enter his plea to
thirteen indictments returned
against him yesterday, charging
forgery, embezzlement and lar-
ceny.

Countryman had tried in vain
to secure bail and faced the pros-
pect of going to jail tonight. As
the sheriff led him to the court
room he asked to step into a wash-
room and a moment later a report
was heard which startled the large
crowd assembled in the court.
Judge Harry Edwards, who was
on the bench and court attaches
ran to the room and found Coun-
tryman lying on the floor dead
with a pistol clamped in his hand.
Countryman's wife and sister-in-
law were in an adjoining room,
where he had just left on his way
to the court room.

CHARGED WITH BURNING RESIDENCE

Pekin, Ill., Jan. 13.—Mrs. Jen-
nie Gale, a seventy-five year old
woman, was arrested this after-
noon charged with burning the
residence of Monte Martin.
Bloodhounds were used and for
three times traced a scent to the
woman's home. Authorities say
the aged woman had a "spite
against" Martin and also that she
remarked to her grandson that
"there was more than one way
to get rid of Martin."

SIXTY ARE GIVEN PRISON SENTENCES

Limerick, J. an. 13.—Sixty of
the prisoners who were placed on
trial in connection with an at-
tack Dec. 27 on Crown forces
who were approaching a place
where a dance was being held
near Bruff, County Limerick,
were sentenced today by a field
general court martial to ten
years' penal servitude. Five
years in each case however, had
been remitted.

Letters Cause Police Worry

(By The Associated Press)
PORTLAND, Ore., Jan. 13.—
Police worked today on clues
they have to the identity of a
would-be blackmailer signing
"Shadow" who sent threatening
letters to prominent men here.
It developed that Harry Jen-
ning, Jr., one of the men who had
received two threatening letters
which he failed to respond to
found on his desk yesterday a
note printed in ink on the sta-
tionery of his furniture company
reading:
"I have been here, Shadow."

Police were maintaining guard
over six families following re-
ceipt by them of the letters.

MAYOR'S JOB IN CITY OF CORK IS STRENUOUS ONE

O'Callaghan Tells In-
vestigating Com-
mittee

PERFORMED DUTIES WHILE "ON THE RUN"

(By The Associated Press)
WASHINGTON, Jan. 13.—Lord
Mayor O'Callaghan of Cork, de-
scribed today before the commis-
sion investigating conditions
in Cuba in a statement given out-
right after referring to the
failure of the electoral board and
courts to function within the
prescribed limit, declared:
"If these agencies continue to
fail, Cuba in due course of time
will be confronted with ad-
interim provincial and national
administrations, and after the first
Monday in April next, with a to-
tal paralysis of the legislative
power."

General Crowder until tonight
has maintained absolute silence
ever since his arrival here on the
Cruiser Minnesota a week ago.
His statement, which sets forth
what has been accomplished thus
far, at the instance of the pres-
ident, follows in part:
"As President Moncal has so
forcefully stated in his admirable
letter to the central electoral
board the urgency of the present
electoral situation lies in the fact
that already thru the failure of
the electoral boards and courts
to function within the prescribed
time limit, we have today an ad-
interim or provisional municipal
administration in a majority of
the municipal districts of Cuba."

These agencies continue to
fail, Cuba in due course, will be
confronted with ad interim pro-
vincial and national administra-
tions and after the first Monday
in April next with a total paral-
ysis of the legislative power, due
to the fact that on that date
one half of the seats of congress
will become vacant. The electoral
boards have functioned and post-
ed their provisional returns.
What is lacking is the action of
the Cuban judiciary on the con-
tested election cases of which
there are great number involving
all of the colleges of Oriente and
Matanzas and a large number of
the colleges of Santa Clara in-
cluding whole municipal districts
and a smaller number of colleges
in other provinces.

Has Patriotic Cooperation.
"What has been accomplished
thus far at the instance of the
president is the patriotic coop-
eration of the supreme court and
the central electoral board in the
issuance of proper instructions
and regulations and the patriotic
cooperation of political parties
in the waiving of certain provi-
sions of the legal procedure of
Cuba all of which means a most
expeditious procedure for the
courts in deciding these numer-
ous appeals cases.

"The electoral code of Cuba
makes a special appeal to the
judiciary of Cuba in such a situ-
ation now exists. It should be
the attitude of everyone to as-
sume that the Cuban courts will
meet that situation and dis-
charge their full responsibility.
They have the mandatory duty of
decreasing the nullity of the elec-
tions and the authority to in-
validate elections for other
causes where it shall be estab-
lished by proper proof that there
has been suppression of the
vote or failure of the scrutiny
and canvass thru intimidation
or fraud or other causes.

"I point to this provisions in
order to remind all the con-
testants that the law as drawn gives
them an ample remedy, and to
express my belief that the courts
will be courageous and fair in
the application of the law to
several appeals which have been
taken.

"Having taken this distinct
step forward we must now wait
the results before the six audi-
ences of the supreme court.
Meanwhile I will give my atten-
tion to other matters connected
with my mission to Cuba."

WELL KNOWN PHYSICIAN PAINFULLY INJURED

Bloomington, Ill., Jan. 13.—Dr.
F. P. Stedem of Saybrook, a well
known physician, was painfully
injured last night when he was
run over by a westbound Lake
Erie and Western passenger train
at a crossing about two miles east
of Saybrook. Both feet were
smashed and amputation was
necessary. He had been out on
a call and upon reaching the
crossing his car stalled on the
track. He was aware of the ap-
proaching train and finding that
the engine and his machine would
not respond he rushed up the
track to flag the train. He was
dazed by the bright light and fell
and was barely able to get out
with the loss of his feet.

BRAZIL NOW HAS 30,000,000 PEOPLE

Washington, Jan. 13.—The
population of Brazil is now 30-
553,509, or more than one-fourth
that of the United States, it was
announced today by the Brazilian
embassy. The figures upon which
the announcement was based are
the unofficial compilation of the
census bureau.

CROWDER ISSUES STATEMENT ON CUBAN SITUATION

BELOIT COLLEGE TO INCREASE ENDOWMENT

Beloit, Wis., Jan. 13.—Beloit
college today announced its pur-
pose of increasing its endowment
to a minimum of \$2,125,000 and
of increasing the number of its
students to 1,000. Additional ex-
penses proposed include salary in-
creases, new dormitories, enlarge-
ment of gymnasium, libraries,
chapel athletic park grandstands
and central heating plant, scholars-
hips and the adoption of the Car-
negie Annuity plan.

PACKING COMPANY DECLARES DIVIDEND

New York, Jan. 13.—Wilson &
Co., one of the "big five" meat
packing corporations of the coun-
try, declared a stock dividend of
1 1/4 shares for each 100 shares of
common in lieu of a regular quar-
terly cash dividend of \$1.25.

This action was taken with a
view to conservation of cash re-
sources, "pending the return of
more settled conditions in the
commercial and financial world."

PROMINENT IOWA JUDGE PASSES AWAY

Dubuque, Ia., Jan. 13.—Judge
M. C. Mathews, 59 years old, one
of the most prominent members
of the Dubuque county bar, and
judge of district court for 12
years, died at his residence today.
He was the first Grand Knight of
the Knights of Columbus, Du-

Sister Sends Kin to Prison

(By The Associated Press)
KANSAS CITY, Mo., Jan. 13.—
A reward of \$250 was granted
today by the law enforcement as-
sociation here to Mrs. Grace
Ernst, of Mount Washington, a
suburb of Kansas City, because
she caused the arrest and con-
viction of her brother, John
Downing, whom she alleged
barraged by home.

After her home was burglariz-
ed, according to Mrs. Ernst, she
suspected her brother and traced
him to Clinton, Mo., where she
caused his arrest. As prosecuting
witness while testifying against
her brother she said that he had
rebuffed all of his sisters and she
asked that he be given a peniten-
tiary sentence. Downing was
given five years.

AMERICANS NOT TO BE CHALLENGED BY JAP Sentries

Orders Given by Gen-
eral Oi, Officer
in Charge

JAPANESE OFFICIALS EXPRESS REGRET

(By The Associated Press)
WASHINGTON, Jan. 13.—
Notification that the Japanese
commanding officer at Vladivostok
had given orders that hereafter
sentries must not challenge Ameri-
cans and the formal expres-
sion of regret by the Japanese
government went far today to-
wards adjusting the situation
which has arisen over the fatal
shooting by a Japanese soldier
at the port of Lieutenant V. H.
Langdon of the Cruiser Albany.

The action of the Vladivostok
commander, General Oi, was re-
ported to the navy department by
Admiral Gleaves, commander-in-
chief of the Asiatic fleet who was
on his way to Vladivostok to
conduct a personal investigation.
The admiral added that in view of
the developments he had
abandoned his trip of inquiry.

Ambassador Shidehara of
Japan called upon Acting Sec-
retary of State Davis late today
and expressed the deep regret of
his government that such an in-
cident should have occurred.
Earlier he had received from the
Japanese foreign office a version
of the shooting which differed
from an earlier and equally of-
ficial version issued in Tokio in
that the embassy's account
agreed with Lieutenant Lang-
don's ante-mortem statement
that the sentry was the first to
fire.

Sentry Under Arrest.
The sentry who shot the Ameri-
can when he was returning to
his ship was characterized in the
communication forwarded to Ad-
miral Gleaves as "very ignorant"
and in one of the messages re-
ceived by Ambassador Shidehara
it was stated he already had
been placed under arrest and
would be tried by court martial.
Secretary of the Navy Daniels
had called upon Admiral
Gleaves for a report conferred
with Secretary Davis today in an
effort to expedite so far as pos-
sible the gathering of the facts
in the case. The latter immedi-
ately instructed Consul MacGowan,
from whom the first official news
of the incident had come, to sup-
plement his report and declared
that if the facts warranted an im-
mediate and energetic protest
would be made to Japan. Later
developments, however, are un-
derstood to have inclined offi-
cials to believe that the situation
is in prospect of final adjust-
ment.

Pennsylvania Gives Employees Equal Power

COLUMBUS, O., Jan. 13.—The
Pennsylvania railroads plan for
averting breaks between the en-
gine and train service employes
and the company thru the opera-
tion of joint commissions was per-
fected today by the organization
of the joint reviewing committee
of the Pennsylvania railway sys-
tem, which has final jurisdiction.
This is said to be the first in-
stance of an American railway
giving its employes equal power
with the management in deciding
questions affecting working con-
ditions and welfare.

E. V. Massey of Philadelphia,
assistant general manager of the
Eastern Region of the Pennsylv-
ania railroad system, was elected
chairman and H. R. Karns of
Pittsburgh, general chairman of
the Brotherhood of Locomotive
Engineers for the Pennsylvania,
of the reviewing committee.

These officials will alternate
every six months so that each rep-
resentative of the management and
representative of the employes
Pittsburgh was selected as per-
manent headquarters of the com-
mittee where regular monthly
meetings will be held.
The reviewing committee is
composed of nine representatives
of the employes and nine com-
pany representatives but only
the employes representatives
drops out when a vote is taken.
Not less than a two-thirds vote
is necessary to decide any ques-
tion presented.

W. M. Wardrop, Grand Rap-
ids, Mich., general superintendent,

of the reviewing committee.

CERTAIN AMERICAN BUSINESS INTERESTS CRITICISED BY YOUNG

North Dakota Man Says the Consuming Pu-
blic is Tired of Paying War Prices—Avers
Time Somebody Put on the Brakes—Tar-
iff Would Permit Continued Profitteering

INTERPRETATION OF CARMEN'S RULE SUBJECT OF DEBATE

(By The Associated Press)
WASHINGTON, Jan. 13.—Certain American business
interests were rebuked by Representative Young, Republi-
can, North Dakota, today during consideration of tariff
revision by the house ways and means committee for ask-
ing duties which he charged would amount to licensing
them to continue profiteering. He served notice on his fel-
low members that on this ground he would strenuously op-
pose the granting of import duties ranging from 100 per
cent to 400 per cent above the Payne-Aldrich rates.

Earlier in the day Senator Mac-
Cumber, Republican, also from
North Dakota had announced his
purpose to seek an increase in the
duty of wheat in the Forney
emergency tariff from 30c to 50c
a bushel. The North Dakota
senator declared the higher rate
was necessary to stop enormous
importations, of wheat from Can-
ada.

Mr. Young said he was "get-
ting tired of witnesses coming
before the committee to ask for
prohibitive rates in the proposed
permanent tariff and relating to
the committee details of how
German competition was cutting
into their trade. Mr. Young as-
serted that a lot of industries
were complaining of the competi-
tion when what has hurt a lot of
these industries is the definite
decision of the consuming public
to submit no longer to war prices
Must Put on Brakes.

"It is time somebody put on
the brakes," he continued. "Here
and now I serve notice I shall
oppose any such duties as are be-
ing asked.
They are pleading with econo-
mic tears in their eyes for import
duties ranging from 100 per cent
to 400 per cent above the Payne-
Aldrich rates. I am going to
fight with all the power I have
against such penalization of the
consumer."

"The war is over and the con-
suming public is asking why
those prices also are not gone. If
we grant the rates most of these
interests are seeking, we will
simply be licensing a continu-
ation of profiteering, filling the
pockets of the manufacturer who
gets the protection with the in-
voluntary contributions of the
consumer."

An economical and efficient
management was again declared
impossible by Mr. Whiter under
A. O. Wharton, employes' rep-
resentative on the board, began to
question Mr. Whiter regarding
the employment of car repairmen.
Under the rule which has the
roads' effect, employes must have
had four years' experience in car
work. Under questioning, Mr.
Wharton brot out that men were
employed on many roads who did
not have four years' experience.
Mr. Whiter replied that this was
necessary, because men filling the
requirements were not available.
At the end of nearly an hour's
argument, Chairman Harton brot
the discussion to an end.

Efficiency Impossible.

Now Mr. Griffith, known to fame as one of the greatest of moving picture producers, says that many of the wonderful salaries paid to film stars are really legendary. That is what most people have thought all along, and Mr. Griffith but confirms the suspicion about the thousand dollar a day actors and actresses.

Certainly it is a form of insanity that is influencing the Danville woman in her hunger strike purposing to foist upon her husband a certain religious belief. If that is the situation, the space writers are overdoing the matter. There are probably

hundreds of people in a certain local institution with just as strange mental phases.

Mr. Townley and other Non-Partisan league advocates having failed in the realization of many of their dreams in North Dakota, are now making a systematic campaign for the spread of their doctrines in Kansas. It is to the credit of the American Legion that its members in the Sunflower state are uniting with Gov. Allen in the systematic effort to put a prompt end to this insidious influence.

The Chicago Tribune is already giving editorial evidence of a critical attitude toward Gov. Small's administration. His sincerity in connection with the street railway situation in Chicago is attacked. Certainly the chief executive of a state should have a chance to show his policies and intentions before he becomes a target for carping criticism.

The Kansas industrial court, according to newspaper stories, has saved the people of that state during 1920 the sum of \$3,000,000 because of refusal to approve the freight and passenger rates authorized by the interstate commerce commission. If the court can accomplish this thing successfully the Kansas "idea" will certainly spread to other states.

It was entirely to be expected that Vice-president-elect Coolidge would approve the simple inaugural plans that President-elect Harding suggested. Things that are simple and substantial have always dominated with Mr. Coolidge since he has been in public life, and the same thing was also no doubt true when he was a private citizen.

A new plan for government control of the coal industry has been introduced in congress. There are many people who while on general principles opposed to government interference in the operation of private business, believe that something in this line should be done in the coal industry.

The plan now proposed will provide a licensing system reaching clear back from the local retailer to the mine owner. Certainly the regulations that have been made of the enormous profits which some mine owners and wholesalers have made give the undeniable proof that something drastic must be done if the people are given their rightful protection.

BOND ELECTION IMPORTANT TO PEOPLE

The question of issuing additional bonds for the completion of the high school building is before the people of Jacksonville. The election will be held tomorrow with the polls open from 7 a. m. to 5 p. m. A list of polling places appears elsewhere in this paper. Members of the board of education have made a plain statement that unless funds are provided thru this bond issue that it will be impossible to complete the building.

The board's statement says

that bills past due for which there are now no funds total several thousand dollars, and that the whole sum proposed in the bond issue will be needed for the completion of the building. It is understood that even with the \$135,000 that can be provided from the bond issue that other arrangements must be made to pay expenses of equipping and furnishing the building.

ONE PLAN FOR SETTLING LABOR TROUBLES

In these days with the advocates of the open shop and union labor in increasingly sharp conflict, nobody can complain of the method followed by a certain union in Norfolk. The members of the union in question had a controversy with an employing manufacturer. They were not satisfied with the wage scale proposed so they used union funds to purchase a controlling interest in the business and then the demands of the union workers were met. It is said that the business continues at a profit.

No one can find fault with this Norfolk "idea," which was really proposed to railroad workers a year or two ago. At that time some of those who opposed the meeting of further wage demands from the workers suggested that the right way for the railroad men to secure their full rights would be by the purchase of control of the railroad properties. It was shown that this could be accomplished in three or four years' time with funds provided thru reasonable savings on the part of all the railroad workers.

BABSON PREDICTS PROSPERITY

Roger W. Babson, the noted statistician and analyst, writing in the current issue of Forbes Magazine, predicts a period of prosperity for American business, basing his conclusions on the following general factors:

1. The general mass of the people still have government bonds which they bought during the war. Until these are sold there will remain a big reserve buying power.

2. Millions of dollars which heretofore have been spent for drink are now being spent on the building of homes, the buying of comforts and general merchandising.

3. The banking system of the United States is more flexible than it has ever been during any preceding period of financial stress.

4. National advertising has come to stay, and is destined to be a great force in the producing and steadying of business.

5. The war has resulted in the standardization of many lines, which causes greater efficiency in production.

6. An impetus has been given to foreign trade which will continue for many years, especially as we now have a great merchant marine.

7. Seasonable fluctuations in manufacturing and selling are being eliminated.

8. A reduction in taxation may be expected. This especially applies to business and profits taxation.

9. Recent political elections show that the mass of people are at heart conservative and can be counted on to back up a business man's government.

10. The war made the United States the richest country potentially in the world.

Rippling Rhymes By Walt Mason

THE HOBBO.

There came a hobo to my door, as closed the winter day; he said his poor old feet were sore, he'd walked a weary way, and he would like a place to smore, a chance to hit the hay. I fed him victuals by the pail, his urgent need in mind; when he was filled he told a tale of fortunes most unkind; he said he'd like to earn some kake, if he a job could find. I said, "You've reached my humble den, I bid you linger here and you may earn some iron men to round out your career; I need a man to herd my hen—I'll hire you by the year." And all the night I lay awake up-building pleasant plans; one homeless wanderer I'd take from ranks of also rans, and smooth the road for one poor Jake to whom Fate tied her cans. And in the morning, at his door I rapped, and cried, "Arise! The table groans with grub and pies; don't keep us waiting any more—you'll hustle if you're wise." But none responded to my call; the hobo had wandered thence; when shades of night enshrouded

ed all, he jumped my residence, and he had swiped my basket ball the clothesline and the fence. Oh, most of us right gladly would relieve some human woe; but most of us at times have stood for things like this, you know, and if we tire of doing good, it's not surprising, ho!

SCOTT COUNTY CHILD DIES FROM BURNS

Night Clothes of Elma Boes Caught Fire—Miss Hainfurther to Marry New Orleans Business Man—Other News Notes.

Winchester, January 13.—Little Elma Boes, five year old daughter of Mr. and Mrs. Rudy Boes, living a few miles south-west of Winchester, passed away Thursday night at about 9 o'clock. The child was burned early Wednesday morning when her night dress caught fire from a stove. The little one's burns were such that her death followed as indicated above. Everything possible was done for the child but to no avail. The parents and relatives have the sympathy of the community in their sudden bereavement.

Mr. and Mrs. David Hains-further have announced the engagement of their daughter, Miss Madeline, to Ike Lohenberg of New Orleans. Miss Hainsfurther is one of the prominent young women of Winchester. After graduating from the Winchester high school she attended Ward Belmont and for the past two years has been attending college in Chicago. Mr. Lohenberg is a prominent business man of New Orleans.

John K. McLaughlin and family moved Thursday from their country home south of town to the H. D. Tricke property on South Walnut street. Henry Wade and family have removed from the Tricke property to the Charles Town and property recently vacated by Mary Stewart.

The Household Science department of the Woman's club held the regular evening meeting Wednesday evening at the home of Mrs. E. C. Smith. A business session came first and then there was a contest in better English. This was followed by an address on "First aid and care for the sick" by Dr. William O'Reilly. This lecture proved of great interest and profit for the large company present. At the close of the program came a delightful social hour and the hostess served refreshments.

Social Events

Ladies Aid of Merritt M. E. Church Met.

The regular business meeting of the Ladies Aid of Merritt M. E. church was held recently at the home of Mrs. Bert Chrisman. There was a fair attendance and a number of business matters were discussed. The ladies decided to hold a social at the church next Saturday evening, Jan. 15, when refreshments will be served and a musical program given.

Helping Class of Hobson Church Meets.

The unfavorable weather conditions interfered to some extent with the attendance at the meeting of the Helping class of Hobson church, held yesterday afternoon at the home of Mrs. David Ward, northwest of Sinclair. However, an interesting program was carried out and the session was a profitable one. The devotional exercises were led by Mrs. Ward and a paper on missionary endeavor was presented by Mrs. Maude Sevier. Another pleasing feature of the afternoon was the reading of a story by Miss Anna May Wilson.

Refreshments and a social time followed the program. The next meeting of the club will be on Jan. 27th with Mrs. A. G. Waterfield.

In formal Dance at Russel Home Tonight

Misses Miriam, Elinor and Clara Russel will entertain a number of their friends at an informal dance this evening in honor of Miss Lora Bancroft, whose wedding is an event of the not distant future. The dance will be given at the Russel home on Mound avenue and the guest list will be limited to the intimate friends of Miss Bancroft and Mr. Swain.

Ebenezer Aid Society Met Thursday

Members of the Ebenezer Ladies Aid society held their annual open meeting Thursday at the home of Rev. and Mrs. Bracewell on Sandusky street. The members and their families went to the Bracewell home during the morning, taking with them well filled lunch baskets. At noon a bountiful repast was served, and later came an informal program of music, readings and talks. There were thirty or more persons present and all found the occasion most enjoyable.

INQUEST HELD FOR BOY KILLED IN FALL

Jury Returned Verdict of Accidental Death—Officials of School Exonerated.

Coroner Rose empanelled a jury and held an inquest to inquire as to the cause of the death of Kasper Hildebrandt Thursday morning. The lad met death by falling from the third story of the main building of the School for the Blind Wednesday afternoon.

Only two witnesses were examined, R. W. Woolston superintendent of the school, and Dr. G. E. Baxter. Following the testimony the jury returned the following verdict: "We, the undersigned jurors, sworn to inquire of the death of Kasper Hildebrandt, on oath do find that he came to his death from shock and hemorrhage of the brain, as a result of injuries to the skull caused by accidentally falling from the third story window in the School for the Blind. We exonerate the authorities of the institution from all blame for the death."

The jury was composed of G. W. Patterson, foreman; John Hodgson, H. F. Garrett, J. L. Tayman, T. C. Patton and J. S. Findley, clerk.

COMPANY B WILL BE MUSTERED IN NEXT WEEK

Company B, the federal guard troop of Jacksonville, will be officially mustered into service next Thursday night it was learned from Captain Charles Nunan, of Champaign, state inspection mustering officer, who came here for a conference with Capt. Wesley B. James of the local company.

The mustering process of the troop has had many setbacks, but Capt. Nunan stated that the ceremony will take place sure on the night of Thursday, Jan. 20. The mustering-in will start at eight o'clock at Armory Hall.

Monday night, Capt. James has announced, all members of the company will assemble for practice drill in preparation for the activities Wednesday night.

Capt. Nunan while here talked with a number of business men regarding the new company of Jacksonville.

PREPARE FOR ANNUAL COLLEGE DEBATE

Preparations are under way for the joint society debate at Illinois college. Sigma Pi will be represented by Bernard Frazier, Franklin Scott and Hugh Wilson, with Charlie Antebus an alternate. The Phi Alpha team will include Lane Thomason, Homer Thompson and Ray Ragan, with Elmer Nicol as alternate. Phi Alpha will have the affirmative of the question: "Resolved that the European immigration to the U. S. should be restricted."

NOW IN ARIZONA.

S. W. Nichols and his daughter, Miss Frances English, who left Jacksonville last week, are now at Tombstone, Ariz., where they expect to spend two months or more. Mr. Nichols has written friends here that he stood the trip well and is already feeling the benefit of the rest in the favorable Arizona climate.

"THE RIGHT TO LOVE"

With Mae Murray and David Powell

A PARAMOUNT PICTURE

BEAUTY! PASSION! SPLENDOR! AND THE SOUL OF A RADIANT WOMAN FLAMING INTO LOVE

A Turkish tale of a young American wife—sold to a knave—forced to share even her home with the "other woman"—delivered up to a roue's insults—torn from the arms of her child—rising at last, rebellious, to the right of her sex to claim her mate. All the lure of the city of the sultans in a romance rich as an Ottoman tapestry. Now seething with struggle, mystery, intrigue. Now under the spell of midnight eyes and summer moonlight shining on the golden horn.

FORMER RESIDENT IS FAMOUS JOURNALIST

Robert W. Neal Recognized as One of Leading Journalists of Country.

Robert Wilson Neal, son of Robert Neal, a former resident of Jacksonville, and well known in this vicinity, is making quite a name for himself as a journalist in eastern cities.

Some years ago the Neal family moved from here to Lawrence, Kansas, where Robert W. Neal graduated from Kansas university winning a scholarship at Yale. He obtained degrees from both Yale and Harvard and subsequently went to Amherst, where he held the professorship of journalism in the state college.

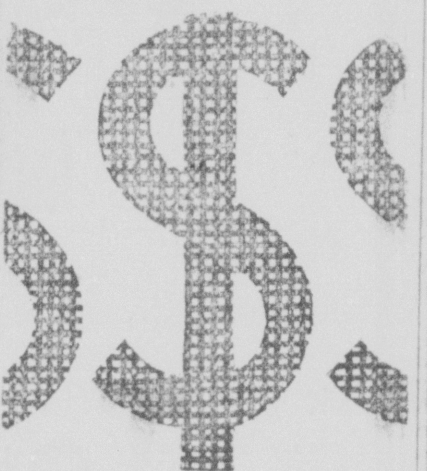

While there, he compiled several text books on the subject of short story writing and journalism, which are now used in many journalistic schools. He has written for many of the largest Massachusetts papers and was for some time an editorial contributor to the Boston Transcript.

Prof. Neal's success along these lines has led Rupert Hughes, the novelist, to dub him a "master of the short-story analysis."

He now is head of the department of journalism of the Home Correspondence school in Amherst, Mass., and is recognized as one of the leaders of the journalistic profession. Friends of the Neal family in this vicinity will read with interest of Prof. Neal's success.

FOR ITCHING TORTURE

Use Antiseptic Liquid Zemo

There is one remedy that seldom fails to stop itching torture and relieve skin irritation and that makes the skin soft, clear and healthy.

Any druggist can supply you with Zemo, which generally overcomes skin diseases. Eczema, itch, pimples, rashes, blackheads, in most cases give way to Zemo. Frequently, minor blemishes disappear overnight. Itching usually stops instantly. Zemo is a safe, antiseptic liquid—clear, easy to use and economical. It costs only 25c an extra large bottle, \$1.00. It will not stain, is not greasy or sticky and is positive for tender, sensitive skin.

WOULD CONTROL IMMIGRATION AT ITS SOURCE

This is the Plan Suggested By Harry A. McBride

MANY TRYING TO REACH HERE

(By The Associated Press) WASHINGTON, Jan. 13.—A new plan for regulating immigration to the United States and selecting desirables from undesirable at the source, was presented to the Senate immigration committee today by Harry A. McBride, chief of the visa section of the state department. He recommended the creation by the government of a commission to have general supervision of immigration and to work in co-operation with the existing agencies of the state and labor departments.

The commission would direct immigrants to places in the United States, where they were needed. The problem of selection would be solved by using the visa system and having American consuls abroad write the prospective immigrants occupation, destination and other qualifications as a part of the passport visa. For instance, said McBride the commission would receive an order for 2,000 farmers from some section of the country where they were most needed. That order would be cabled to a consul in Europe having charge of a good agricultural section instructing him to visa pass ports for that number of farmers.

Many Trying Reach Here. Mr. McBride declared there was a "flood" of immigrants in Europe trying to reach the United States but that the Johnson bill would not reduce the number of arrivals in the United States. He declared the exceptions the measure allowed would "fill the ships to their capacity."

Asked by Senator Colt of Rhode Island, chairman of the committee, whether he believed emergency legislation suspending immigration was necessary, within a year, Mr. McBride said:

"I see no reason for temporary legislation to be taken up within a year."

Commissioner General of Immigration Caminetti, is expected to reach the United States Saturday after a study of conditions in Europe, relating to immigration and Representative Johnson, Republican, of Washington, today requested the committee to secure his testimony before concluding its hearings.

HARDING DISCUSSES PUBLIC QUESTIONS

No Developments as to Cabinet Appointments — Feelers Put Out to Learn Hughes' Attitude.

(By The Associated Press) Marion, O., Jan. 13.—With his conference here nearing a conclusion, President-Elect Harding devoted today to discussion of a long list of incidental public questions. The day's conference revealed no development in regard to cabinet appointments nor any of the other important problems awaiting solution.

Speculation here regarding the cabinet no welters about the question of whether Charles E. Hughes, of New York, is filling to accept the post of secretary of state. There is no evidence that a formal offer of the appointment has been made, but it is understood that some time ago feelers were put out to learn Mr. Hughes attitude.

Developments in regard to virtually all other cabinet places bid fair to remain at a standstill for some weeks. Most of the information Mr. Harding has collected on the subject, has been tucked away in a pigeonhole where present indications forecast that it will remain at least until after his house boat excursion in Florida.

ILLINOIS WILL PLAY ONE GAME

Cocher Harmon announced last night that there would be no game between Illinois College and McKendree at David Prince gymnasium tonight.

Arrangements had been made for playing two games, one tonight and one Saturday evening. However, a teachers meeting is scheduled to be held at the David Prihee tonight so the game had to be called off.

Mr. Harmon immediately wired the McKendree team of the situation and it will come here Saturday for one game.

FLINN CASE ON TRIAL IN CIRCUIT COURT

The trial of Lyd Flinn on a statutory charge occupied the attention of the county court Thursday, with Judge Samuel presiding. The state is represented by State's Attorney Carl E. Robinson and by Mr. Templeman, of Springfield. The defendant's attorney is John M. Butler. The jurors in this case are: Charles J. Ator, J. F. Shreve, M. E. Gilbert, Julian Hall, Vernie Fanning, Benjamin Alexander, Joseph Hosp, Ezra Scott, G. S. Killam, Spencer Self, John Lewis and Amos May. The defense was begun shortly before the adjournment of court.

HOTEL MEN THREATEN TO DECLARE LOCKOUT

Boston, Jan. 13.—Hotel men of Massachusetts threatened today to declare a lockout on the public for one day a week if forced to give employees every seventh day off. Speakers at a meeting of the Hotel Men's Association warned the legislature not to pass a bill calling for a day of rest for hotel workers asserting that the carrying out of such a measure would be practically impossible and would be a grave injustice to the owners of hostelry.

BROOKLYN WINS FIRST HONORS

MILWAUKEE, Wis., Jan. 13.—Brooklyn was awarded first prize for the best collective exhibit held in connection with the National Shoe Retailers association, which closed today. Second prize went to Cincinnati and third to St. Louis. The awards were for artistic beauty and educational and commercial value.

Irvin L. Lenroot, United States senator from Wisconsin, was the principal speaker today. He urged against a panicky feeling, "because of the depression which is upon us," pointing out "the necessity of a readjustment which would have been better had it come a year ago."

He expounded the doctrine that the purchasing power of the dollar, and not the dollar itself, is the real test of profit and loss.

"Take loss as you must, but remember if a permanent level of lower prices is reached, these losses will be more imaginary than real," he said.

New York City was set as the meeting place for next year's convention.

Belfast, Jan. 13.—It is reported that incendiary fires have occurred at Dungloe and Burtonport as a reprisal for the ambushing of a troop train yesterday in Donegal. No direct confirmation of the report has been received as the telegraph wires have been cut.

FIREMEN CONCLUDE STATE CONVENTION

Simon Kellerman, N. is New President of Organization—Interesting Sessions Thru Three Days—Visitors Express Thanks.

What is said to have been one of the most successful conventions ever held by the Illinois Firemen's association was the thirty-third which came to a close here Thursday afternoon. Simon Kellerman, Jr., of Edwardsville, was named president by unanimous choice of the convention. Samuel Hunt, chief of the Jacksonville fire department, is a member of the executive board and so is one of the vice-presidents of the organization. The time and place for holding the next convention will be decided at a meeting of the executive committee next March.

The convention before adjournment, adopted a resolution expressing cordial appreciation of the many courtesies extended to them during convention days by the business men of Jacksonville. A canvass of delegates was made to ascertain how many drill teams will go to Springfield to the state fair this year to the Annual Firemen's Tournament. It was learned that thirty-two towns expect to send teams.

The New Officers.
Following is a complete list of the officers elected today:

President—Simon Kellerman, Jr., Edwardsville.
First vice-president—A. W. Thode, Galena.
Secretary—Roy Alsip, Champaign.
Treasurer—S. E. Danner, Mt. Pleasant.
Historian—E. W. Weidler, Mt. Olive.
Executive board—Walter E. Price, Champaign; Pearl Smith, Madison; William P. Boehm, Sterling; S. T. Lowery, Decatur; Otto Sorgenfrei, Blue Island; Samuel Hunt, Jacksonville; Edward Dillner, Dalton.
Delegates named to the National Firemen's Convention were, Simon

The auditing committee this year is composed of V. C. Leisher, Greenville; Fred Bodina, O'Fallon; Henry Kluge, Collinsville.

Before leaving this afternoon for his home, President Kellerman stated that he will appoint other committees within a short time. He remarked at the fine hospitality of the city of Jacksonville, of which all delegates to the convention are grateful.

This appreciation is shown in a resolution adopted by the convention, following:

To the Officers and Members of the Illinois Firemen's Association:

Your resolutions committee begs leave to make the following report:

Whereas, The Illinois Firemen's Association held its thirty-third annual convention in the city of Jacksonville, Ill., therefore be it resolved that in recognition of the hospitality of this wonderful city of Jacksonville and the untiring effort in producing a continuous entertainment, one which has never been exceeded, for the delegates and visitors by the combined work of your people, this convention tenders its sincere and deepest appreciation for the many courtesies extended to them, and especially do we wish to thank His Honor, Mayor E. Musterole Works Without the Blister—Easier, Quicker

There's no sense in mixing a mess of mustard, flour and water when you can easily relieve pain, soreness or stiffness with a little clean, white Musterole. Musterole is made of pure oil of mustard and other helpful ingredients combined in the form of the present white ointment. It takes the place of mustard plasters, and will not blister. Musterole usually gives prompt relief from sore throat, bronchitis, tonsillitis, croup, stiff neck, asthma, neuralgia, headache, congestion, pleurisy, rheumatism, lumbago, pains and aches of the back or joints, sprains, sore muscles, bruises, chilblains, frosted feet, colds of the chest (it often prevents pneumonia).

GOOD ATTENDANCE AT NORTHMINSTER CHURCH

Large Audience Hears Rev. C. H. M. Graves Discourse, "The Unpardonable Sin"—Meetings May Close Sunday Night.

Despite the inclemency of the weather there was a good attendance at the Northminster church revival service Thursday evening. As has been true on previous evenings, the song service was a feature and further musical interest was lent by the duet, "I am Happy in Him," sung by Mr. Seniff and Mrs. Gertrude Demereth, of Winchester.

It was announced that there will be a special service for children Saturday evening. Tonight Dr. Spoonits will discuss the theme, "The loudest with hair like a woman." Sunday night he will present, "The Greatest Need of Jacksonville." It is probable that the meetings will close Sunday night.

At the Thursday night service Rev. O. C. Bolman offered prayer and then Rev. C. H. M. Graves of Springfield, delivered a fine sermon from the theme, "The Unpardonable Sin." The pastor said that some have said that murder is the unpardonable sin, while others name other sins as the unpardonable one. He declared that it is the refusal to hearken to the Holy Ghost which is the unpardonable sin—the continual

turning away from God and righteousness for sin and the world.

He said that many Christians commit the unpardonable sin. Having chosen God and His salvation, they later desert the narrow path and once more follow in the ways of the world. It is more

difficult for such, he said, to once again find the straight and narrow way than it is for the sinner who has never before turned from sin to righteousness.

The speaker made a strong appeal for right living and emphasized the need there is in every

community for men and women whose lives are an example for others.

BIG CLASS RECEIVED BY FAVORITE LODGE

Twenty-Five Young Men Become Pythians — Splendid Program in Addition to Ceremonial Session.

The largest class in the history of Favorite lodge No. 376, Knights of Pythias, was received into the order Thursday night. Twenty-five young men took the rank of page. All are Jacksonville residents except four, who came from Concord. Following the ceremonial session a brief but appropriate address was made by Rev. W. E. Spooner.

A quartet including James Guyette, Ben Denny, Dr. C. B. McGill and Maurice Peckham and Maurice Peckham sang a number of selections in a very acceptable way and there was also mass singing which added a great deal to the interest and enthusiasm of the occasion. An excellent luncheon was served.

As mentioned before, this is the largest class the lodge has ever received, as the previous record was 22. That was the class known as the John J. Reeve class which was initiated while Mr. Reeve was grand chancellor.

The accessions last night make the lodge membership 401 and the affairs of the lodge are in most prosperous condition. The annual roll call of the order will be held Thursday night, Jan. 27, and invitations have been issued for this event. There will be a dinner at 6 o'clock, followed by an excellent program.

The names of the candidates received last night are as follows:

Lewis Maulding, Charles Dannerberger, Everett Gibbs, Geo. E. Hale, Thos. Young, Howard Harrison, Harry R. Gillespie, H. Clifford Portzline, Ralph F. Shepard, Harold K. Green, J. Fred Lucas, N. Harold Hamm, Alta Knight, Glen E. Filson, Arthur M. Abenathy, Oscar L. Kennedy, Virgil Wegheoff, Arthur Haley, C. Donald Ransdell, Oliver F. Hamilton, G. Garland Withee, Harry E. Pike, Robert Felch, Rudolph W. Blucke, A. F. Harrison.

J. H. McCORMICK'S WILL PLACED ON RECORD

After Payment of Bequest to E. L. Kinney Residue is to go to Children.

The will of the late John McCormick was made a matter of record Thursday in the office of County Clerk G. L. Riggs. Mr. McCormick made provision for the payment of debts and funeral expenses and bequeathed the sum of \$1,000 to Edward L. Kinney, because of many kindnesses shown to him by Mr. and Mrs. Kinney.

The real estate is to be converted into cash and after meeting the above provisions the executor is to divide the proceeds and any personal property equally between Thomas K. McCormick of Greenville, and Mrs. Annie Crist of Bloomington, son and daughter of the testator. Mr. McCormick provided that his friend, J. Weir Elliott, should be the executor of the will and is to serve without bond.

The instrument was drawn Dec. 11, 1920, with Miss Lena Engel and Miss Lana McPhail as the witnesses.

FOREIGN WAR VETS INSTALLED OFFICERS

James Barnes Heads Harrison-Dickson Post As Commander—Will Soon Begin Membership Drive.

James M. Barnes was installed as Commander of Harrison-Dickson Post No. 583, Veterans of Foreign Wars at the regular meeting of the Post, held in Woodmen hall, Thursday evening.

Other officers are:

Senior vice-commander—Homer Paschall.
Junior vice-commander—Leo Sehy.
Adjutant—W. A. Scott.
Quartermaster—O. P. Fox.
Chaplain—C. E. Segauer.
Sergeant—Dr. W. H. Weirich.
Officer of the day—Mervin Ator.
Patriotic instructor—Elmer Henderson.
Sergeant major—Siddons Armstrong.
Quartermaster sergeant—John Sing.
Guard and sentinel—Tom Kelly, Joe Darusch.
Color bearers—Haylor and La Rue.
Bugler—Henry Ricks.
Entertainment committee—George Coe, W. A. Adams, Elmer Henderson.
Relief committee—Porter Johnson, J. C. Rothwell.
Trustee for eighteen months—Eckhoff.

A communication was received by the post from the Service Star Legion bearing greetings and assuring the post of its support and co-operation in its work.

The veterans appreciate greatly the interest and good will shown by the Legion and will do everything in their power to co-operate with the Legion and the members extend greetings for a successful year for the Service Star Legion.

A state membership drive is soon to be inaugurated. Literature will be sent out to every overseas man in the state. The organization is growing rapidly but the members of the local post feel that it should have several hundred in the organization in this county.

An open meeting will be held in Woodmen hall, January 27. At this time it is hoped to have a large number of overseas men present who are not yet members of the organization and present to them the benefits to be derived from membership.

SCHOOL BOND ELECTION TAKES PLACE SATURDAY

Proposal to Issue \$135,000 Additional High School Bonds Is Before the People.

Attention is again called to the election which is to be held in the Jacksonville school district tomorrow. At this election the people are asked to express their will with reference to the issuance of additional bonds in the sum of \$135,000 to make possible the completion of the high school building. The polls will be open at 7 o'clock a. m., and close at 5 p. m. You may vote at the following places:

First Ward—Jefferson school.
Second Ward—David Prince building.
Third Ward—Election building, corner East College avenue and Manvaistera street.
Fourth Ward—Election building, corner Grove and Fayette streets.

This is a question of such large importance to the people of Jacksonville that they should not fail to vote. Men and women both of course have the right to vote in this election. The board of education not long since published figures to show that it will be impossible to finish the high school building without the amount of funds that can be provided thru this bond issue. The high school building is a complete and commodious structure. It has cost a large amount of money but will not be available for use without the expenditure of the additional funds which it is now proposed to raise thru the further issuance of bonds.

WHITE HALL AMERICAN LEGION POST MEETS

Dedicates News Quarters at
Lunch and Smoker—Adopts
Resolution for Compiling Rec-
ord of Soldier Graves in
Greene County.

White Hall, Jan. 12.—The White Hall Post of the American Legion dedicated its new quarters in the Bridgewater building Monday night at a lunch and smoker, and adopted a resolution looking to action by the Greene county board of supervisors that will bring about fruition to the long-neglected work of compiling a record of the soldier graves in Greene county and the marking of the same in accordance with what was advocated in the White

Hall correspondence just a few days before. It was also voted to give the G. A. R. post the use of the Legion quarters at any time without expense to the Grand Army, and that the Grand Army be privileged to hang its charter in the Legion room. The G. A. R. post has been meeting in the city hall in recent years, and the charter has hung in the home of Quartermaster Culbertson.

The adoption of the resolution was unanimous by the forty-two members present. Secretary Joseph Lyman has forwarded a copy of the resolution to each American Legion post in Greene county, and also a copy to each member of the Greene county board of supervisors. The resolution is as follows:

To the Honorable Board of

Supervisors,

Greene County, Illinois:

Whereas, Our attention has been called thru public print to the glaring neglect of the graves of the soldier dead in the cemeteries of Greene County, Illinois, and a necessity for a compilation of a record of all the soldier graves if Greene county is to be adequately represented in a forthcoming volume to be issued by the State of Illinois. Therefore, be it

Resolved by White Hall Post No. 70, American Legion in regular session, That the Board of Supervisors of Greene county, Illinois, be urged to join with the other counties in the state in the compilation of a record of the graves of soldiers in the cemeteries of Greene county, and that in conjunction with the Federal and State Governments provide a regulation military headstone for the grave of every soldier not otherwise marked, the cost of which to Greene county would be in only the drafting of necessary information for applications for such headstones, and the proper disposition and care upon the receipt of all shipments.

Resolved, That a copy of these resolutions be forwarded to all the posts of the American Legion in Greene County with the request they unite in such action as will encourage the Board of Supervisors to act in a way that will place Greene county in the ranks of the other counties in the state that are already engaged in this long-neglected work, and that the Board of Supervisors be urged further to make provision for an annual revision of this record and a continuation of the facilities for ordering government headstones for the graves of deceased soldiers entitled to the same.

Dated this 10th day of January, 1921.

The resolution was presented by Private Frank Carmeen, who was a barber in Capt. Foster's Company B of the 12th Engineers, 1921.

A Jewelry Stock that is Comprehensive

During our years in business in this city it has been our greatest aim to carry at all times, not just on special occasions, a stock that is "comprehensive"—that offers the buyer a range of selection equal to the larger cities, whether the purchase intended be a diamond of purest ray or a modest stick pin. We believe we have accomplished this ideal, and only repeat the above statement for the benefit of newcomers to the community and chance readers of our city papers.

1920 INCOME TAX FACTS
YOU SHOULD KNOW.

Many errors in the deductions
allowed taxpayers are found in
the income tax returns. Deduct-
ible items are omitted and other
items which are not deductible
are included. Deductions for
business expenses are the princi-
pal deductions allowed, the law
expressly prohibiting deductions
for personal, living, or family ex-
penses.

The revenue act provides that
in computing net income there
shall be allowed as deductions
from gross income all the ordi-
nary and necessary expenses paid
or incurred in the taxable year in
carrying on any trade, business,
profession, or vocation. Typical
expenses of a mercantile estab-
lishment are amounts paid for ad-
vertising, hire of clerks and other
employees, rent, light, heat,
hand water, telephone, insurance,
delivery expenses, the cost of op-
erating delivery wagons and mo-
tor trucks, and incidental repairs
to such vehicles. The expenses of
a manufacturing business include
labor, raw materials, supplies,
repairs, light and heat, power,

Professional Men.

A professional man may claim
as deductions the cost of supplies
used by him in his practice, ex-
penses paid in the operation and
repair of an automobile used in
making professional calls, dues
professional societies and sub-
scriptions to professional jour-
nals, office rent, the expense of
fuel, light water, and telephone
used in such offices, and the hire
of assistants.

A traveling man, working on
salary or commission, is allowed
to deduct certain business ex-
penses. Reasonable and neces-
sary traveling expenses include
railroad fares and meals and
lodging. A traveling man work-
ing on salary without reimburse-
ment for traveling expenses, or
employed on a commission basis
with no expense allowance, may
deduct his expenses for railroad
fare, and also his expenses for
meals and lodging in an amount
in excess of the ordinary cost for
such living expense when at
home.

If he receives a salary and is
repaid his actual traveling ex-
penses, he must include as gross
income an amount equal to the
ordinary expense for meals and
lodging when at home, as such
amount is held to be additional
compensation to the taxpayer.
Payment for the use of a sample
room for the display of goods is
a business expense.

The farmer may deduct all
amounts paid in the production,
harvesting, and marketing of
crops, including labor, cost of
seed and fertilizer used, cost of
minor repairs to farm buildings
(other than the dwelling), fences
and machinery and of small tools
which are used up in the course
of the year.

Erroneous Claims.

Taxpayers frequently make the
mistake of claiming as deduc-
tions expenditures for articles
more or less permanent in char-
acter or for permanent improve-
ment of their property. In the
case of the business man they in-
clude claims for the erection of
new buildings or installation of
machinery. A farmer claims as
a deduction the cost of a new
threshing machine or tractor,
or the expense of putting a new
roof on his barn. Such deductions
are expressly disallowed by the
revenue act, and are held to be
investments of capital.

Allowances for Losses.

Allowable deductions, in addi-
tion to business expenses, include
losses sustained by the taxpayer
in any transaction entered into
for profit outside of his regular
business.

A reasonable allowance is
made for depreciation of business
property, including obsolescence,
and for the depletion of oil and
gas and other natural deposits.
Contributions made during the
year 1920 to corporations organ-
ized exclusively for charitable,
scientific, religious, or education-
al purposes, or for the prevention
of cruelty to children or animals,
or the special fund for vocational
rehabilitation, may be deducted
to an amount not exceeding 15 per
cent of the taxpayer's income,
computed without the benefit of
this deduction.

Other items which may be de-
ducted are as follows:

Taxes paid or accrued during
the year 1920, except income,
war profits, or excess profits
taxes, and those assessed against
local benefits of a kind tending
to improve the value of the tax-
payer's property.

Losses of property not connect-
ed with trade or business arising
from fires, or other casualty, or
from theft, if not compensated
for by insurance.

Debts ascertained to be worth-
less and charged off within the
year 1920.
Interest paid or accrued on in-
debtedness, except interest incur-
red to purchase securities (other
than securities of the United
States issued subsequent to Sept.
24, 1917), the interest on which
is exempt from tax.

HIGH SCHOOL TO

HAVE NEWSPAPER

The High school is to have a
weekly publication. The students
as well as the town people will
be glad to know this because it
has been some time since the
high school has put out a paper
and it is realized by all that a
school publication adds a great
deal to the spirit and pep of a
school. The first issue is to ap-
pear the first week after exams,
about January 26. The staff of
the paper is as follows:

Editor—Dick Hyer.
Assistant Editor—Catherine
Wilson.
Business Manager—Palmer
Schiele.
Assistant Business Manager—
Albert Arter.
Circulation Manager—Ed
Lewis.
Assistant Circulation Man-
ager—Dorothy Randle.

HIGH SCHOOL HEALTH

CONDITIONS GOOD

High school attendance has
been better since the beginning
of the new year than it was be-
fore Christmas. The attendance
records indicate that scarlet fever
and diphtheria are not prevalent
among the students and that the
few cases of measles reported are
mostly among the country stud-
ents.

DR. HARKER RETURNS.

Dr. Joseph R. Harker has re-
turned from the east, where he
has been attending several educa-
tional conventions.

was a local shopper yesterday.

ROUT CLASHES WITH
OLYMPIC SPEED BOYS

The Routt basketball squad
will meet the fast Olympic team
of Springfield, Friday, Jan. 14, at
Liberty Hall at 8 p. m.

The Springfield team is report-
ed to be one of the fastest fives
in Central Illinois and should
give Routt a good fight.

The Routt team has recovered
from the bruises received in the
Franklin game and are in good
form. The local lineup is not
known but it is probable that
Woulfe, Zell, Gwynn, Mandecille
and Costello will start the con-
test. The game will start prompt-
ly at 8.

We will allow \$7.00 for your old 6 volt Battery or \$11
for your 12 volt, regardless of condition, on a NEW
UTILITY BATTERY.

Why should you buy a Utility Battery for your car?

READ THE ANSWER

UTILITY BATTERIES are guaranteed in
writing for two years.

UTILITY BATTERIES can take a charge
quicker than any other Battery.

UTILITY BATTERIES can be charged as
high as six times the normal charge rate.

UTILITY BATTERIES give a higher momen-
tary discharge than any other battery.

UTILITY BATTERIES can be overcharged for
a long period without any effect on the
battery.

UTILITY BATTERIES can be discharged at
50 times the normal discharge rate.

UTILITY BATTERIES are made with special
acid-proof perforated hard rubber sep-
arators which firmly hold the plates apart,
allow free circulation and prevent short

circuits, instead of wood separators,
which cause 50 per cent of all battery
troubles.

UTILITY BATTERIES are the ONLY ONES
so constructed that PERFORATED SEP-
ARATORS can be used between the
plates.

UTILITY BATTERIES cost no more than
other makes, last twice as long, cost less
for upkeep and give the user better ser-
vice than any other battery on the mark-
et today.

The above points have been fully demon-
strated in service and are backed by our pos-
itive Guarantee which only excepts freez-
ing and breaking.

Why not buy the best, when they cost no
more than the other kinds?

We investigated the claims made by the manufacturers of the UTILITY
BATTERY and found them to be absolutely sound.

We saw proven under actual test that the UTILITY BATTERY, with its
all rubber, perforated and rubber separators and its specially constructed
plates manufactured by a secret process, would perform a service un-
equalled by any other battery.

We also took into consideration that we could absolutely guarantee the
UTILITY BATTERY for two years of satisfactory service. This is the guar-
antee of the manufacturer—this is our guarantee. A numbered and regis-
tered two years guarantee certificate is issued with each battery.

What Happened?

Loose pistons and rings cause loss of power and
poor lubrication.

Loss of power makes extravagant and unsatisfactory
operation.

Poor lubrication will eventually ruin beyond repair
every working part of the motor.

The cylinder bore of a gas motor wears unevenly.
Why?

- 1—Due to ring pressure;
- 2—Due to expansion and contraction;
- 3—Due to hard and soft spots in metal.
- 4—Due to uneven pressure of pistons.

The more the year, the more the tendency to wear.

The cost of grinding the cylinder walls smooth and
straight is less than making them smooth and
straight any other way.

Over-size pistons cost no more than standard
size.

We will grind your block and fit over-size pistons
if it needs it. This latter can only be determined after
careful measurements.

John H. Berns of Cincinnati, Ohio, who says his wonderful restoration to health since taking Tanlac has astonished all his friends, has gained twenty pounds.

"My friends are all astonished over my wonderful restoration to health since taking Tanlac," said John H. Berns of 308 East Front street, Cincinnati, Ohio, recently.

"I don't know what it is, but there is something about Tanlac that certainly does the work," he said, "and I firmly believe if it hadn't been for this medicine I wouldn't be here now. It completely restored my health and I have gained twenty pounds besides. I have a splendid appetite now, and can eat anything I want without being troubled in the least afterwards."

"Before taking Tanlac my health was dreadfully run down. My main trouble was from indigestion, and I suffered misery night and day. I never seemed hungry and the little I ate upset my stomach. I was nervous and couldn't get a good night's sleep. I lost thirty-four pounds and was going down hill rapidly. It seemed like the more medicine I took the worse I got. "But since taking Tanlac I am like a brand new man. I sleep like a farm hand all night and feel just fine all day. In fact, I'm a perfectly well man once more. Tanlac certainly beats anything I ever saw in my life."

Tanlac is sold in Jacksonville by Coover Drug Co. and J. F. Shreve, Wyle Drug Co., Franklin and Waverly, and by the leading drug store in every town.—Adv.

Woman Can't Find Words To Express Herself

"After six years of suffering from stomach trouble I am feeling fine. All the bloating and soreness is gone from my stomach and bowels. I can eat all I like now. I can't think of any words suitable enough to praise Mayr's Wonderful Remedy. I am sure it has saved my life." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. For sale at all druggists.—Adv.

Daily Market Report

PRICE OF WHEAT CLOSED HEAVY HEAVY TO WEAK TREND ON MARKET

By Associated Press. CHICAGO, Jan. 13.—Official announcement that the exportable surplus of Argentine wheat was estimated at 120,000,000 bushels had a bearish effect on the wheat market today. Prices closed heavy, 2c to 3 1/2¢ net lower with March \$1.79 to \$1.79 1/4 and May \$1.70 1/4 to \$1.70 3/4. Corn lost 1/2¢ to 5¢ and oats 1/2¢ to 5¢ @ 15¢.

In provisions the outcome varied from 35¢ decline to 9¢ advance.

As Argentine estimates from private sources of late have put the exportable surplus at 93,000,000 bushels the official figures showing a much larger amount in sight gave an immediate advantage to the wheat bears here. The upturns were due more or less to word that 2,500,000 bushels had recently been bought for export from the Pacific Coast. Talk of improved milling demand counted also in favor of the bulls. New export business however, appeared to be of comparatively small volume. Corn and oats were governed by the action of wheat notwithstanding continued good export demand for corn. Provisions sympathized with a sharp advance in hog values, but later tended to sag with grain.
